

Alphacool Eiszapfen 8mm offset fitting rotatable G1/4 OT to G1/4 IT - Black

\$11.95

Product Images

Short Description

The Alphacool Eiszapfen is a rotatable 8 mm offset fitting with one internal thread and one external thread that can be easily tied into any water circuit.

Description

Integration made easy

The offset piece is very compact and can be integrated into any water cooling system thanks to its G1/4" internal and external threads. It is simply screwed onto the corresponding G1/4" connections at the desired position in the water circuit.

Design

The threads are 5mm deep and 5mm high respectively, thus enabling the very compact design. The offset piece can also be rotated 360°, which provides additional flexibility for integration even in the tightest cases.

Coloured O-rings

In addition to the standard black O-ring, 3 more O-rings in red, yellow and blue are included.

Compatibility:

G1/4" OT/IT threads

Specifications

Technical data

L x W x H 24 x 22,5 x 18,5mm

Material brass

Offset 8mm

Threads G1/4" IT, G1/4" OT

Thread depth 5mm

Thread height 5mm

Weight 28g

Color black

Color: black

1. Side: G1/4" inner thread

Material: Brass

Thread length: 5mm

Manufacturer: Alphacool
2. Side: G1/4" outer thread
Specification: Shape: 90° angled
Rotatable: Yes - 360°
Dimensions (L x B x H): 24 x 22,5 x 18,5mm

Additional Information

Brand	Alphacool
SKU	AC-17604
Weight	0.2000
Special Order	No
Fitting Type	Offset
Fitting Finish	Matte Black
Vendor SKU/EAN	4250197176040
