

Mayhems Ultra Clear Tubing 7/16" x 5/8" (11/16mm) Tubing

\$0.89

Product Images

Description

The Mayhems 'Ultra Clear' product sets a new standard in transparency with our new flexible tubing and is simply epochs ahead of all the new EU standards that will soon be in effect. Our 'Ultra-Clear' tubing utilises new 'Polymer Additives' that do not leach plasticizers into the system, which can lead to fouling and blockages. Mayhems 'ultra-Clear' does not employ the use of Phthalate materials, which again lends credence towards a higher quality product than other types of tubing. Mayhems has liaised closely with a leading tube manufacturer within the United Kingdom in order to convey to you this high-grade product so one now longer needs to 'take a chance' with sub-par tubing.

Tubing is sold by the foot

Note: A cleaning flush is advisable to remove any possible contaminates before use
