# Alphacool Eisblock Aurora Geforce RTX 4090 Strix + TUF with Backplate

\$157.95

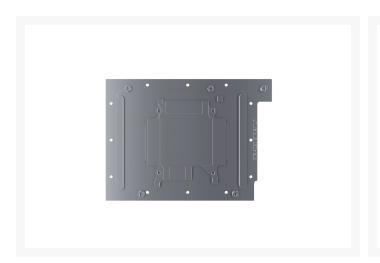

## **Product Images**

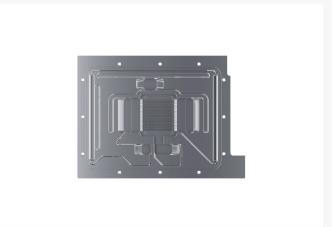

### **Short Description**

The next generation - the Alphacool Eisblock Aurora water cooler for Geforce RTX 40XX graphics cards.

## Description

#### **Product Information**

The next generation - the Alphacool Eisblock Aurora water cooler for Geforce RTX 40XX graphics cards. In order to dissipate the enormous heat of this graphics card generation in the best possible way, numerous optimizations have been made to the water cooler compared to the previous model. The fin structure was adapted and enables a very good water flow while increasing the cooling surface. The modified jet plate with improved inflow engine ensures an optimal distribution of the water on the cooling fins.

#### **Features**

#### Technical Highlights

The fin structure of this Eisblock cooler generation was developed together with Nvidia board partners. The fin thickness is 0.4 mm, the distance between the cooling fins is 0.4 mm. This ensures a very good water flow while increasing the cooling surface. The jet plate has a revised inlay that spreads the water pressure better over the fins thus optimizing the heat absorption. The adjusted water inflow gives the water a better angle of inflow.

#### Chrome-plated copper

The cooler is made entirely of chrome-plated copper. A chrome plating is much harder than a nickel plating and therefore less sensitive to acids, scratches and damage. It completely eliminates the risk of chipping nickel plating. Additionally, chrome plating looks much more homogeneous and provides a shine that cannot be achieved by nickel plating. Chrome-plated coolers have previously only been used in the industrial sector

in areas where extreme influences act on the coolers.

#### Design

The Aurora design of the Geforce RTX 40XX Eisblock generation is visually calmer and simpler. Only one Oring runs around the entire cooler. The design around the cooling fins and jetplate makes for a cleaner look. The illumination of the digitally addressable RGB LEDs is even better distributed throughout the cooler as a result of the chrome plating. The terminal's design is in line with the classic Aurora design.

#### Thermal paste & thermal pads

The included thermal compound is Alphacool's Subzero. With a thermal conductivity of 16 W/mK, it is one of the highest performing thermal pastes on the market. The electrically non-conductive thermal compund is particularly well suited for high contact pressures, but can still be processed perfectly due to its viscosity of 850.000 TF. Alphacool Soft Pads with 1mm thickness are used on the voltage converter and the graphics memory. The thermal conductivity of the pads is 7 W/mK. The pads for the back of the PCB are 3mm thick and have a thermal conductivity of 3 W/mK.

#### Compatibility:

- ASUS TUF Gaming GeForce RTX 4090 OC, TUF-RTX4090-O24G-GAMING, 24GB GDDR6X (90YV0IE0-M0NA00)
- ASUS TUF Gaming GeForce RTX 4090, TUF-RTX4090-24G-GAMING, 24GB GDDR6X (90YV0IE1-M0NA00)
- ASUS ROG Strix GeForce RTX 4090 OC, ROG-STRIX-RTX4090-O24G-GAMING, 24GB GDDR6X (90YV0ID0-M0NA00)
- ASUS ROG Strix GeForce RTX 4090, ROG-STRIX-RTX4090-24G-GAMING, 24GB GDDR6X (90YV0ID1-M0NA00)

## **Specifications**

Technical data cooler		
L×W×H		220,9 x 157 x 34,2mm
Material cooler		chrome-plated copper
Material cooler top		acrylic
Threads		4 x G1/4"
Thickness cooling fins		0,4mm
Distance cooling fins		0,4mm
Illumination		digital aRGB LEDs
Power connector digital aRGB LEDs		3-Pin JST
Power digital aRGB LEDs		5V
Number of digital aRGB LEDs		12
Technical details		

Manufactu	ırer:	Alphacool	
Cooling plate material:		Copper	
Cooler model:		Complete cooler	
Hint:		Compatible till 16/13mm straight, Compatible till 9/13mm angled	
Hardware manufacturer:		NVIDIA	
Top cover material:		Acryl	
SLI compatibel:		Ja	
Connector:		4x G1/4"	
Hardware model:		RTX 4090	
Dimensions:		220,9 x 157 x 34,2mm	
Technical data backplate			
L x W x H	220,9 x 132,5 x 6mm		
Material	aluminium		
Color	black		

# Additional Information

Brand	Alphacool
SKU	AC-13462
Weight	3.5000
Vga	ASUS TUF and ROG Strix RTX 4090
Block GPU Type	Nvidia
Block Style	Copper-Plexi
Vendor SKU/EAN	4250197134620
