Short Description

EK-Loop ZMT Soft Tube (*Zero Maintenance Tubing*) is a high quality, zero maintenance, industrial grade EPDM rubber tubing in stylish matte black.

Description

Details

EK-Loop ZMT Soft Tube (*Zero Maintenance Tubing*) is a high quality, zero maintenance, industrial grade EPDM rubber tubing in stylish matte black.

Features

This tubing is - just like Norprene - designed to withstand harsh conditions for a very long period of time, offering a truly exceptional lifespan even under UV, ozone and heat exposure for many years.

Unlike most PVC and PUR tubing, this high-quality EK-made EPDM rubber tubing ensures long-lasting operation and does not suffer from a plasticizer leaching effect which can cause blockage (gunking) in your liquid cooling loop. This 11,1/16,1mm (ID/OD) tubing also allows for a very small bend radius!

This may not be the tubing for everyone, but it is guaranteed to be hassle-free even in the long run, which is something other PVC/PUR tubing cannot offer!

This tubing is a perfect companion for [EK-Quantum Torque STC - 12/16](#) series compression fittings.

Specifications

 19,4 mm (3/4") OD 12,5 mm (1/2") ID	 16,1 mm (5/8") OD 11,1 mm (7/16") ID	 15,9 mm (5/8") OD 9,5 mm (3/8") ID
---	--	--

Technical specifications:

- Material: EPDM
- Color: Black, not UV-reactive
- Inner diameter: 11,1mm (7/16")
- Outer diameter: 16,1mm (5/8")
- Operating temperature range: -30 °C to 110 °C
- Compatible with all known widely used coolants

Retail packaging - 3m per box (~10ft)

Conforms with RoHS.

Made in Slovenia - Europe!

PLEASE NOTE:

- Due to the nature of manufacturing the tubing may contain traces of char.

Additional Information

Brand	EK Waterblocks
SKU	EK-LOOP-ZMT-SOFT-1216-BK-RET
Weight	2.0000
Color	Black
Tube Size	7/16" x 5/8"
Material	EPDM
Delivery	Retail Box
Vendor SKU/EAN	3830046999313
