# Slotted Wall Polyethylene Grommet Edging with Adhesive - Black

$1.59

Product Images

Short Description

Grommet edging protects and prevents wires and cables from chafing against sharp edges. This new grommet edging comes with a pressure sensitive adhesive that lines the base of the product. This provides for an easy, clean and secure application. Apply the product in the normal fashion and then apply thumb pressure to activate the adhesive and the installation is complete. Slotted wall is best for very irregular angles and curves.

Description

*** Price is per foot ***

Grommet edging protects and prevents wires and cables from chafing against sharp edges. This new grommet edging comes with a pressure sensitive adhesive that lines the base of the product. This provides for an easy, clean and secure application. Apply the product in the normal fashion and then apply thumb pressure to activate the adhesive and the installation is complete. Slotted wall is best for very irregular angles

and curves.

- Use to prevent abrasion against the sharp edges of computer case mods
- Base is lined with a pressure sensitive adhesive
