

# Corsair iCUE LINK XD5 RGB ELITE - Metallic Body

\$219.99

## Product Images

## Short Description

iCUE LINK XD5 RGB ELITE

## Description

# CORSAIR iCUE LINK XD5 RGB ELITE Pump-Reservoir Unit - D5 PWM Pump - Effortless iCUE Connectivity - 22 Addressable RGB LEDs - 440ml transparent reservoir - Metallic body

## Features

---

- Effortless iCUE LINK single cable connectivity
- Stunning 22 Individually addressable RGB LEDs
- 440ml transparent nylon reservoir with anti-vortex mesh and fill port
- Control pump flow with integrated coolant temperature sensor
- Rubberized mounting system for less pump vibrations
- All-inclusive installation accessories for a hassle-free setup
- Multiple G1/4 inlet ports for versatile designs
- Robust nylon and metallic construction with standard G1/4" fitting threads

Features	<p>Controlled Cooling: High-performance Xylem D5 PWM pump delivers optimal flow in any situation.</p>
	<p>Effortless Connectivity and Intelligent Design: Take your build to the next level with the patent-pending iCUE LINK ecosystem, letting you daisy-chain all your components together using universal connectors, all plugged into a single port on the iCUE LINK System Hub (sold separately). Build faster, reduce cable clutter, and create a more intelligent, cohesive system setup.</p>
	<p>Stunning RGB Lighting: 22 Individually addressable RGB LEDs deliver customizable, immersive visual experience enhanced by the powerful CORSAIR iCUE software.</p>
	<p>Transparent Nylon Reservoir: The integrated 440ml reservoir with an anti-vortex mesh puts your coolant front-and-center, with stunning angular design and an integrated fill port that makes filling easy.</p>
	<p>Smart In-Loop Temperature Control: Fine-tune your pump flow rate using the integrated coolant temperature sensor and CORSAIR iCUE software.</p>
	<p>Rubberized Mounting System: Experience quiet, stable performance with the rubberized mounting system that reduces pump vibrations, ensuring your custom cooling loop is visually impressive yet discreetly silent.</p>
	<p>Diverse Port Configurations: Utilize multiple G1/4 inlet ports and an integrated fill port for versatile installation and customization to suit your unique cooling loop design.</p>
	<p>Multiple Installation Brackets: Easily mount the unit to a 120mm or 140mm fan mount or fan for wide chassis compatibility.</p>
	<p>Standard G1/4" Threads: All inlet/outlet ports provide universal fitting compatibility.</p>

## Specifications

---

<b>Specification</b>	<p>Product Type: Pump/Reservoir Combo Pump Type: Xylem D5 PWM Coolant Capacity: 440mL Max Hydraulic Performance: 800L/h at 2.1m pressure head (1500L/h theoretical max) Max RPM: 4800RPM PWM Duty Cycle Range: 20-100% Pump Voltage: 12V Max Power Draw: 34W Fluid Chamber Material: Nylon Compatible Materials: Only mix with other copper / brass products Compatible Coolants: CORSAIR XL or equivalent Port Thread: G1/4" BSPP Max Operating Temperature: 60°C coolant temperature Required Controller For iCUE Support: CORSAIR iCUE LINK Product Dimensions: 8.6" x 3.5" x 3.5" Product Weight: 0.51 lb.</p>
----------------------	--

<b>Package Contents</b>	<p>1 x XD5 Pump Res Combo 120 mm fan bracket 140 mm fan bracket 3 x G1/4" stop plugs ATX 24-pin plug Plug tool Mounting screws</p>
-------------------------	--

## Additional Information

---

Brand	Corsair
SKU	CX-9040009-WW
Weight	3.0000
Color	Black
Reservoir Type	Tube Res
Pump Type	Xylem D5 PWM
