

Koolance Liquid Coolant Bottle, 700mL Fluorescent Green

\$19.95

Product Images

Short Description

Koolance fluorescent green, high performance, UV reactive, non-toxic liquid coolant. Pre-mixed with corrosion inhibitors. The bottle includes a flexible rubber funnel and small segment of 1/8" ID tubing to make reservoir filling easier.

Description

Koolance fluorescent green, high performance, UV reactive, non-toxic liquid coolant. Pre-mixed with corrosion inhibitors. The bottle includes a flexible rubber funnel and small segment of 1/8" ID tubing to make reservoir filling easier.

The total amount is 700mL (23.67 fl oz), which should be a little more than you'll need to fill a typical Koolance system.
