$14.95

Product Images

Short Description

This LED FlexLight comes in six different colors and three different sizes (12, 24, 30 LED's). Its flexible design offers unlimited installation possibilities for lighting professionals and for all computer modders. The FlexLight will create endless imagination in lighting creations. The flexible nature of the product enables you to attach it to any curved surface using double sided adhesive tape or screws.

Description

This LED FlexLight comes in six different colors and three different sizes (12, 24, 30 LED's). Its flexible design offers unlimited installation possibilities for lighting professionals and for all computer modders. The FlexLight will create endless imagination in lighting creations. The flexible nature of the product enables you to attach it to any curved surface using double sided adhesive tape or screws. The LED lights are covered by silicon, it makes the product to withstand great strain without tearing or breaking, weather resistant and water proof. Cable is tailed for no extra charge by Performance PC's with a 4-pin Molex.

FlexLight power cable is fully covered in nylon Techflex sleeving and Premium Heatshrink, colors of your choice!
