Short Description

The FM83 is an advanced 80mm fan package with manual adjustable fan controller. Equipped with 92mm fan blades housed in an 80mm fan frame, it offers quietness and performance levels greater than any 80mm fans. Coupled with the included aluminum fan controller, a multitude of fan speed configurations is possible. Constructed out of high strength white colored plastic and polished to a smooth shine, the FM83 is an excellent upgrade for any PC and HTPC enthusiasts.
