

Serial ATA II Power Wye Cable 6"

\$5.95

Product Images

Short Description

Product Details:

High quality Serial ATA Power Wye Cable used to connect a Serial ATA I or II hard drive and any 4-pin Molex device from a standard 4 pin Molex connector on your power supply. This new cable includes the SATA II metal latch for locking to hard drive.

- Length: 6 Inches
- Includes Orange wire 3.3V on this connector for true SATA II!

*** Please note picture shows an optional sleeved cable. Due to the connectors being molded the sleeving is not a simple process and requires cutting wires and recrimping pins. Standard price for cable is for bare wires. ***
