CoolJag Falcon 92 Aluminum Heatpipe Cooler with Green LED Fan

$39.99

Product Images

Short Description

Cooljag will be making a name for themselves with this cooler. The Falcon 92 CPU cooler easily outperforms the stock heatsink/fan and does so in a very quiet, unassuming manner. The green LED's give it a distinctive look and the design should be compatible with virtually all motherboards out there. This Falcon is also relatively lightweight and is compatible with all modern processors and sockets.
