

USB Internal Female Header to USB "B" Cable

\$9.95

Product Images

Short Description

Product Details:

A Performance PC's custom made product that can connect Male headers from many types of USB hardware to a Standard "B" USB port on the inside or outside of your computer.

Specifications:

- You can also connect this cable to the internal port (USB type B female) of various devices such as card some card readers, Alphacool LCD displays, and some other devices
- For dual USB's application, you have to use 2 cables to dual 10-pin motherboard headers.
- The cable is compatible with both USB 1.1 (standard) and USB 2.0 (high-speed).
- Cable is 24" long.

Please consult your motherboard manual to check for pin outs of your USB headers. Pin one is usually the red wire in the USB cable/adaptor.

Standard Wire Assignments

Red: + 5V / Voltage + / VCC

White: D - / Data - / USB -

Green: D + / Data + / USB +

Black: GND / Voltage - / Ground

Black: S-GND / Over Current / Shielding

The S-GND wire is fatter and can be easily recognized.
