Short Description

Raise your sights on notebook comfort with an adjustable stand that puts your notebook display at eye level and gives you a full-sized keyboard for faster, more comfortable typing. Works with virtually any notebook

Description

Raise your sights on notebook comfort with an adjustable stand that puts your notebook display at eye level and gives you a full-sized keyboard for faster, more comfortable typing. Works with virtually any notebook

Features

Overview

Comfort

- Notebook display riser: Elevates and extends your notebook's display for viewing comfort. Relaxes you while making you more productive.
- Full-sized keyboard: Type faster, with less fatigue. The integrated soft palm rest adds wrist support and keeps your hands away from the hot notebook surface.

Control

- One-touch hot keys: Get instant access to your digital music with media and volume controls. Additional hot keys instantly take you to your favorite applications, folders, and Web pages.
- Multipurpose USB hub: Use three high-speed USB 2.0 ports to connect your favorite peripherals, including cordless mice, webcams, printers, and external drives.

Convenience

- Works with virtually any notebook: Use it with your current notebook—and your next one.
- Easy setup and storage: Flip it open for instant use on almost any flat surface; fold it down for easy transport and storage.

Specifications

- System Requirements
 - Notebook PC (up to 9 lbs weight)
 - Windows® 2000, Windows® XP, Windows Vista™
 - USB port

Package Contents

- Logitech® Alto™ keyboard
- User's guide
