

ENZOTECH

Enzotech K8 Retention Module - Type-X

\$4.99

Product Images

Short Description

Product Details:

The advantages of Type-X Retention Modules are to ensure that the Ultra-x/T.Rex is mounted securely on AMD platforms. It has the same 4 mounting points as the Intel socket 775 style, thereby providing better contact with the CPU and cooler. This gives AMD platform users more flexibility to adjust the air flow for achieving the best cooling performance.

Specifications:

The Differences between Type-X and Type-S retention modules are the height of the mounting screws.

Caution! TYPE-X retention modules are designed to be used with Enzotech Products "only"!

9.4mm +/-0.2

20.4mm +/-0.2
