

SilenX IXN-40C 40mm Copper Blue LED Chipset Heatsink - Sleeved

\$15.99

Product Images

Short Description

Product Details:

You got everything else silenced with SilenX. The last thing left is your stock chipset cooler. The tiny 40mm fan whining with a high pitch. Time to do something about it. SilenX brings you the iXtrema Pro Chipset Cooler, a heatsink that puts stock chipset coolers to shame. Complete with an LED fan, this piece of art doesn't only perform well, it looks awesome!

Features:

- Ultimate airflow to noise ratio
- Silicone fan mounts included
- 40mm silent fan
- Blue LED's
- All copper construction

	Forward sweeping fan blade design increases static pressure compared to other silent fans and offers better airflow in areas where ventilation is restricted.
	Reduced motor size and conical shape allows for the largest blade surface area of any fan and improves aerodynamics compared to the cylindrical dead-spot of other silent fans.
	Maximum surface area for better heat dissipation compared to any other heatsinks out on the market today. Rippled surface on some models further enhance heat dissipation.

Specifications:

sku	IXN-40C
rated dba	14
dimensions	54x54x27mm
base material	Copper
weight	150g
rpm	3000
cfm	6
current draw	0.08A
power consumption	0.96w
bearings	FDB, fluid dynamic bearings
chipset compatibility	Most Northbridge chipsets with mounting holes or spring mounts

Fan cable is fully covered in nylon Techflex sleeving and premium heatshrink, colors of your choice!
