Short Description

The ultimate in airflow to noise ratio, iXtrema Pro Quiet Fans are the only fans in the industry to be designed with silence and optimal airflow in mind.

Description

The ultimate in airflow to noise ratio, iXtrema Pro Quiet Fans are the only fans in the industry to be designed with silence and optimal airflow in mind. Smaller, domed motor hub, larger, more dramatic fan blade sweep area, no other fans on the market come even close in performance! There might be fans that offer more airflow or lower noise levels, but when it comes to a balance between the two, these fans can't be beat.

Features

- Ultimate airflow to noise ratio
- Silicone fan mounts included

	Forward sweeping fan blade design increases static pressure compared to other silent fans and offers better airflow in areas where ventilation is restricted.
	Reduced motor size and conical shape allows for the largest blade surface area of any fan and improves aerodynamics compared to the cylindrical dead-spot of other silent fans.
	Silicone-composite fan mounts dampen motor vibration and prevents resonance or so-called "case rattle" caused when fan vibrations reaches the chassis.

Specifications

sku	IXP-34-16
rated dba	16
dimensions	60x60x25mm
rpm	2000
cfm	18
operating voltage	8-14v
current draw	0.09A
power consumption	1.08w
bearings	FDB, fluid dynamic bearings

Additional Information

Brand	SilenX
SKU	IXP-34-16
Weight	0.3000
Color	Black
Fan Dimensions	60mm
Fan Width	25mm
Fan Connection	3-Pin
Fan Voltage	12 VDC
Fan RPM	2000
Fan CFM	21
Fan Noise (dB)	16
Vendor SKU/EAN	854224001035
