Short Description

The New Zither notebook cooler from Evercool features dual intakes direct airflow to the central cooling area, pulling air from the back of the unit rather than underneath as with other coolers. This increases the cooling capabilities of this sleek looking and portable laptop cooling solution. This along with an adjustable setting for ergonomic use and a futuristic electroplated look with the addition of blue LED's makes this a great choice for owners of 14-17" laptops!

Description

The New Zither notebook cooler from Evercool features dual intakes direct airflow to the central cooling area, pulling air from the back of the unit rather than underneath as with other coolers. This increases the cooling capabilities of this sleek looking and portable laptop cooling solution. This along with an adjustable setting for ergonomic use and a futuristic electroplated look with the addition of blue LED's makes this a great choice for owners of 14-17" laptops!
