\$8.95

## Product Images

## Short Description

This is a straight through 6 or 12 inch extension for the 8-Pin EPS12V power supply motherboard cable that can split to two 4-pin ATX connectors should your motherboard require this. Or just use as 8-pin to 8-pin.

## Description

---

### Product Details:

This is a straight through 6 or 12 inch extension for the 8-Pin EPS12V power supply motherboard cable that can split to two 4-pin ATX connectors should your motherboard require this. Or just use as 8-pin to 8-pin. This cable is versatile and future-proof. Useful for large cases where the power supply is located further from the motherboard, or for custom applications where you have moved the power supply.
