

Koolance Nozzle Coupling Adapter, G 1/4 Male-Male - Silver

\$3.19

Product Images

Description

ADT-XMM is a Male-Male G 1/4 threaded coupler. It is generally used as a gender changer for converting a female G 1/4 thread to male. Nickle-plated brass.

NOTE: Koolance G 1/4 threaded nozzles are recommended for this product due to their short thread length (4mm). Other brands of G 1/4 nozzles may need trimming to fit this product.

Features

NOTE: Liquid Coolants Koolance's product warranty does not cover the use of 3rd-party coolants, coolant additives, or corrosion. Koolance LIQ-702 or LIQ-705 coolants are strongly recommended to help avoid issues with mixed metals or biological growth. Additionally, do not use aluminum with bare (unplated) copper or bare (unplated) brass in the same system. Do not use silver with nickel in the same system.
