Short Description

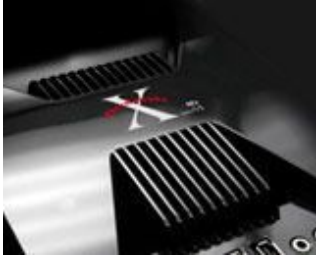

With previous success of XaserVI and Armor+ full tower, Thermaltake has created the middle tower version of both, the new XaserVI MX and Armor+ MX. They are now compact, lightweight, cool, quiet, user-friendly, yet still stylish, an ideal concept for the modern users.

Description

With previous success of XaserVI and Armor+ full tower, Thermaltake has created the middle tower version of both, the new XaserVI MX and Armor+ MX. They are now compact, lightweight, cool, quiet, user-friendly, yet still stylish - an ideal concept for the modern users. A great case needs great ventilation - it is the basic idea of any high performance case. With the entire body metal gridded and well organized fan cooling system managed CPU, VGA and HDD' s thermal independently; these new middle towers provides the optimized system airflow. Granted from user experiences, the new Xaser VI MX and Armor+ MX had carefully included the Tool-free and Cable Management features that are often seen in high-end chassis. Not only will you be able to enjoy the extreme convenience and minimized installation time with motherboards and cables set-up, but the 5.25", 3.5" devices and PCI slot can also be install without tools. Expect the maximum performance and best features you can find in the new middle tower, XaserVI MX and Armor+ MX

Appearance

Structure

Organized HDD cable management

5 5.25" and 4 3.5" device

Metal grilled front bezel for maximum air intake

Security for lockable safety side-panel

7 screwless PCI slots

Removable PSU support bar

Removable HDD cage

Removable HDD cage

5.25" slot-in to lock device

3.5" slot-in to lock device

The Cooling System ~ Air Cooling

a HDD Air Cooling System

120mm x 1

Front (intake) : 120 x 120 x 25mm
blue LED fan, 1300rpm, 17dBA

b CPU Air Cooling System

120mm x 1

Rear (exhaust) : 120 x 120 x 25mm
TurboFan, 1300rpm, 17dBA

Features

- ✦ Optimized design for both liquid cooling and air cooling system
- ✦ Tool-free design for 5.25" device and PCI slot
- ✦ Independent thermal management for CPU, VGA & HDD
- ✦ Cable management system for better cable routing and internal air flow
- ✦ Micro ATX, ATX supported

Specifications

Model	VH9000SWS
Case Type	Middle Tower
Net Weight	8.35 kg / 18.40 lb
Side Panel	Mesh
Dimension (H*W*D)	520.0 x 220.0 x 520.0 mm (20.74 x 8.66 x 20.74 inch)
Cooling System	Front (intake) : 120 x 120 x 25 mm TurboFan, 1300rpm, 17dBA Rear (exhaust) : 120 x 120 x 25 mm blue LED Fan, 1300rpm, 17dBA
Drive Bays - Accessible - Hidden	10 5 x 5.25" , 1 x 3.5" 4 x 3.5"
Material	Front door: Plastic / Chassis: 0.8mm SECC
Color	Silver
Expansion Slots	7
Motherboards	Micro ATX , Standard ATX
I/O Ports	USB 2.0 x 2, e-SATA connector x 1, HD Audio
PSU	Standard PS2 PSU
Cable Management	Yes
Removable PSU bridge	Yes

Additional Information

Brand	Thermaltake
SKU	VH9000SWS-D
Weight	25.0000
Color	Silver
Chassis Form Factor	Mid-Tower
Side Panel	Window
Material	Steel
PSU Wattage	No PSU
Special Price	\$59.98
