Short Description

The Power Monkey Explorer Solar Charger lets you take “charge” of your life in your hands, literally. Its hand-held size gives you the freedom to charge your important accessories anywhere you want, whenever you want.

Description

The Power Monkey Explorer Solar Charger lets you take “charge” of your life in your hands, literally. Its hand-held size gives you the freedom to charge your important accessories anywhere you want, whenever you want. Make sure your powermonkey has full power at all time by charging it with the handy solar-slave, which can be attached to a rucksack, hung from a window, left in a car or taken anywhere the sun shines. Cell phones, iPods, cameras and many other electronic devices can be charged as needed. Specifically designed for the outdoor environment, this solar charger is powerful, portable, tough and water-resistant. Enjoy convenience and security with up to 1 year of stand-by reserve power.

Compatible with the majority of standard mobile phones & electronic devices including: Nokia & mini Nokia Motorola, Samsung, Siemens, Sony Ericsson & more! USB connectors power up iPods and accessories, MP3players, PDAs, smart mobile phones, digital cameras, games consoles, Blackberry's, Bluetooth headsets and many more digital devices iPod (3rd,4th,5th Gen), Mini, Nano, Photo, Video, Shuffle, and iPhone! Includes mains travel charger for use in 150 countries -110V to 240V Solar-slave + powermonkey-eXplorer = 2 reusable sources of power (no batteries needed) Water-resistant, rubberized design - a power source for every adventure Powermonkey-eXplorer has an LCDscreen that displays battery capacity and level of charge in the powermonkey Complete Device Compatibility
