

# Boutique Builders - Self Contained Premium CPU Liquid Cooling System

Special Price  
**\$79.95** was  
~~\$299.95~~

## Product Images

## Short Description

This is a very famous, modern, OEM, sealed, water-cooled system that is perfect for those new to water-cooling or those with space limitations that need an effective cooling solution for their system builds. This exact cooler is added to many boutique builders systems for a \$300 premium price and works for most modern AMD and Intel processors.

## Description

This is a very famous, modern, OEM, sealed, water-cooled system that is perfect for those new to water-cooling or those with space limitations that need an effective cooling solution for their system builds. This exact cooler is added to many boutique builders systems for a \$300 premium price and works for most modern AMD and Intel processors. The 120mm radiator is perfect for mounting internally to the rear 120mm exhaust fan on your chassis. This silent (20 dB) system is maintenance free and easy to install. This will beat the best air coolers and run at an almost silent operation. Integrated pump, narrow neoprene tubing and all Intel and AMD mounting hardware make this an attractive cooling solution to any DIY system builder or upgrader!

## Features

---

- Designed for Intel Core 2 Duo, Core 2 Quad, Core 2 Extreme and AMD 64x2 Dual Core, Athlon 64FX, Phenom x3, Phenom x4.
- Copper water block with blue LED paired with a large 120mm fan on radiator for excellent cooling abilities.
- Durable neoprene tubing.
- Easy to install and innovational radiator design allows for it to fit in cases where other 120mm radiators cannot.
- Completely enclosed system so there is no maintenance or refilling required.
- Cooler runs silent at only 20dBA.

## Specifications

---

- Block Compatibility: Intel LGA 775 & AMD Socket AM2
- Block Material: Copper
- Pump Noise: 20dBA
- Radiator Fan Dimensions: 120x 120x 25.4mm
- Radiator Fan RPM: 800 to 2500 RPM
- Radiator Fan Air Flow: 80.78 CFM (max)
- Radiator Fan Noise: 20dBA (min)
- Tube Dimensions: 1/2"
- Tube Material: Neoprene

## Additional Information

---

SKU	BB-OEM-WCKIT
Weight	4.0000
Block CPU Type	Intel/AMD
Pump Type	Other
Radiator Size	120 (1 x 120mm)
Radiator Thickness	35mm
Special Price	\$79.95
