\$29.95

Product Images

Short Description

AcustiPack™ LITE is a cost-effective multi-layer soundproofing materials kit for standard size and small computer cases, including HTPCs and SFF cases.

Description

AcoustiPack™ LITE is a cost-effective multi-layer soundproofing materials kit for standard size and small computer cases, including HTPCs and SFF cases. Each pack contains 2 large sheets of sound-proofing materials using our unique 4mm (2-layer) acoustic composite. This material is ideal for fitting within the narrow confines of modern enclosures yet it has superb noise reduction capabilities.
