Pro Series Male 3-Pin Fan Housing with Hood - UV Blue

$0.99

Product Images

Short Description

Pro Series Male 3-Pin fan housing with hood. Use to replace damaged connectors or to change over any of your boring white 3-pin fan connectors. You can use a needle nose pliers to swap with a standard connector or solder this on. Hooded connectors hide your pins so that they will not short out in your computer case like the open (bare) male 3-pin connectors. These are very hard to get and rare connectors.

Description

Pro Series Male 3-Pin fan housing with hood. Use to replace damaged connectors or to change over any of

your boring white 3-pin fan connectors. You can use a needle nose pliers to swap with a standard connector or solder this on. Hooded connectors hide your pins so that they will not short out in your computer case like the open (bare) male 3-pin connectors. These are very hard to get and rare connectors.
