Special Price  
**\$3.74** was  
**\$4.99**

## Product Images

## Short Description

Prewired LED's are easy to use and convenient for many case mods. These are premium bright LED's that

have a long life span. This new 4-pin Molex cable branches out to (2) two 5mm LED's. Resistor is already in place and so it is ready to go!

## Description

---

Prewired LED's are easy to use and convenient for many case mods. These are premium bright LED's that have a long life span. This new 4-pin Molex cable branches out to (2) two 5mm LED's. Resistor is already in place and so it is ready to go!

LED wires can be fully sleeved in nylon Techflex sleeving and premium heatshrink, colors of your choice.

## Features

---

- Two Pre-wired LED's with Molex Duo pass-through connector
- Each LED cable is 24" or 60cm long
- LED 5mm in diameter
- Very bright, diffused color.
- Six colors to choose from: Blue, Red, Green, Purple(UV), White, and Orange.
- Great to replace the existing (boring) green or red LEDs in computer cases for power and/or hard drive.
- Pre-wired with built in resistor to bring to 3.3V LED power.
- Ready to be plugged to your PSU and fire up!
