

Delta 80x25mm AFB0812M Medium Speed

\$12.95

Product Images

Short Description

Delta's AFB line is one of the most widely found Delta fan part in the United States. Recently we discovered Delta has been refining the AFB line with a better blade design, a semi-directional vane addition, as well as improved airflow and noise ratings

Description

Delta's AFB line is one of the most widely found Delta fan part in the United States. Recently we discovered Delta has been refining the AFB line with a better blade design, a semi-directional vane addition, as well as improved airflow and noise ratings. We've picked up on these improvements and have made available the M (medium speed) models. Apparently the changes allowed Delta to ramp up the airflow with this design.

Features

- Bearing Type: Ball Bearing
- Material: Impeller & Frame : Plastic (UL 94V-0)
- Lead Wires : UL 1007 AWG #24 O Equivalent
- Red Wire Positive (+)
- Black Wire Negative (-)
- Weight : 80g (2.82 oz)
- 80x80x25mm
- 3-pin Molex header connector
- 80x80x25mm
- 3-pin Molex header connector

Specifications

Delta Part # AFB0812M

CFM: 31.43

Noise dB(A): 28.0

RPM: 2700

Weight (grams): 80g

of Directional Blades: 7

of Fan Blades: 7

Rated Current - Amps (sustained): 0.12a

Rated Input Power - Watts: 1.44w

VDC Range: 7.0 to 13.8v

Maximum Air Pressure - mm H²O: 3.28

Additional Information

Brand	Delta Electronics
SKU	AFB0812M
Weight	0.4000
Color	Black
Fan Dimensions	80mm
Fan Width	25mm
Fan Connection	3-Pin
Fan Voltage	12 VDC
Fan RPM	2700
Fan CFM	32
Fan Noise (dB)	28
