

# XIGMATEK ACK-I7753 Retention Bracket (4 Heatpipe Models) - Retail

Special Price  
**\$5.99** was  
**\$8.49**

## Product Images

## Short Description

### Product Details:

Air Cooling System ACK series

Not only providing users more options of installation and appropriately increasing fasten force of coolers & CPU, Crossbow I7753 is designed also to protect and prevent the MB from bending. It is used for 4pcs heat-pipe and side blow coolers. Moreover, the back plate & spring screw mounting method can ensure safe installation when MB moved.

- Appropriately increasing the fasten force of Cooler & CPU to improve cooling performance.
- Provide more options of installation.

- Protect and prevent the MB binding while installing the cooler, and extend MB lifetime.
- Back plate & Spring Screw mounting method ensure safe installation when MB moved.

Features:

- Appropriately increase the fasten force of cooler and CPU
- Provide more options of installation
- For 4pcs heat-pipe and side blow coolers
- Protect and prevent the MB from binding
- Able to extend MB lifetime
- Ensure installation when MB move

Application:

- All Intel LGA775:HDT-D1264, HDT-D1284, Achilles S1284, HDT-SD964
