This adapter can be used to convert any two 6-pin power supply PCI Express cables to a one 8-pin PCI Express 2.0 cable.

Description

Product Details:

*** NEW Custom made dual Male 6-pin PCI Express to Single Female 8-pin PCI Express 2.0 adapter cable from Performance-PCs.com ***

This adapter can be used to convert any two 6-pin power supply PCI Express cables to a one 8-pin PCI Express 2.0 cable. This adapter is handy for any modern PSU you recently purchased that needs an extra 8-pin PCI Express cable connection such as for the new Nvidia and ATI video cards. Cable is 12" long or can be optionally modified to a shorter 6" length. Not for use for motherboard 8-pins!

Cable is fully covered in nylon Techflex sleeving and premium heatshrink, colors of your choice!
