Short Description

These new G 1/4" right angle adapters are perfect for tight spaces and change the direction of your water input or output without affecting flow. With 360 degree rotary fitting on one end you can secure the connection yet still twist the direction of the fitting to any angle you desire. This is easy to remove compression type fitting for 11mm OD, 8mm (1/4") ID tubing. This is a replacement fitting for any product

that use G 1/4" threads. These will screw into any available port. These are the bomb!
