Short Description

These new G 1/4" fittings are perfect for securing your tubing via compression methods. With 360 degree rotary fitting on one end you can secure the connection yet still twist the tubing on the fitting to any rotation you desire. This is easy to remove compression type fitting for 11mm OD, 8mm (1/4") ID tubing. This is a replacement fitting for any product that use G 1/4" threads. These will screw into any available port. These are the bomb!
