Specifications

Dimension	150mm*43mm*80mm(5.25" Bay)
Max Power	30W per channel
Control Channel	4 Channels
Color Available	Black Aluminum anodized and Aluminum Silver
DC Input	+ 12V(Standard 4- Pin Connector)
DC Output	0V- 12V DC
LED Indicator	4 *Blue LED
Fan Connectors	4 pcs
Fan RPM Knobs	4 pcs

Additional Information

Brand	Lamptron
SKU	FC-3-LE-A-SL-D
Weight	2.0000
Color	Silver
Device Type	Fan Controller
Bay Size	5.25" Bay
Internet Reviews	<p>"Even though we did not reach 30watts, it was still impressive to have 8 fans controlled by one turn of a knob. The fabrication of this fan controller is top notch! Everything on the face plate was extremely solid and well put together. With all 5 connections installed straight out of the back of the fan controller it allowed for easy installation and removal of the wires. This comes in very handy when you are working in small spaces. This product was built to last, and last it shall, with the great craftsmanship that went into building these units."
