Short Description

Product Details:

Lian Li (PC-A06F-B) All Aluminum PC Tower Case- BLACK

Features:

- The idea for creating PC-A06F, is to save user's space, and no need to use poor performance hardware,

PC-A06F can fit standard ATX motherboard, power supply and powerful graphics card.

- The backside mounted standard ATX PS/2 power supply unit, user can choose exhaust the hot air out of the chassis or let it working independently, the perfect balance of space & hardware performance.

Creative Thermal Solutions:

- There is a 120mm fan on the top cover, exhaust the hot air out of the system to keep the hot air out of the system. 140mm intake fan fitted in the front of the chassis to input cool air through the HDD racks, and feed the cool air to the system, exhausted out by the PSU.
- There is a 140mm exhaust fan at the front of the chassis. The fan is extremely silent and can bring a good volume of air from outside the case
- There is a 120mm exhaust fan on the top cover. The fan is extremely silent and can bring a good volume of air out of the case.
- PC-A06F equipped a vented PCI bracket, it can improve the cooling issue at the lower part of the motherboard.

User Friendly:

- Multi-media port connectors follow international specification standards, with one connector for easy installation. Audio supports HD Audio or AC97 Audio. The dual design is for better compatibility options. All I/O ports on the top cover, allow for easy access, there is also a dust-free cover to protect these connectors.
- Lian Li patented anti-vibration HDD cage, with anti-vibration kit and special HDD mounting rack. User can easily install the HDD into the cage. And the rubber rings on the HDD, absorb the vibration to stop the noise.
- PC-A06F's front panel can be easily removed, with all the switches and wires mounted in the chassis, and therefore out of the way
- Top cover can be removed via four easy to reach screws. Ideal for modding projects.
- The case front intake fans has equipped air filter, to stop dust entering the chassis. These air filter were washable, environment friendl
- The new switch design for CD-ROM cage, user can easily remove CD-ROM without a screws. and Lian-li designer use plastics to absorb the vibration to reduce the noise, make sure steadiness of it.

Specifications:

Model	PC-A06F
Case Type	Mid Tower
Dimensions	187 x 375 x 490 mm (W, H, D)
Front bezel Material	Aluminum
Color	Black
Side Panel	Aluminum
Body Material	Aluminum
Net Weight	3.8kg
5.25" drive bay (External)	4
3.5" drive bay (External)	

3.5" drive bay (Internal)	3
Expansion Slot	7
Motherboard	ATX, M-ATX
System Fan (Front)	1 x 140mm fan (900RPM)
System Fan (Top)	1 x 120mm fan (1000RPM)
System Fan (Rear)	
I/O Ports	USB2.0 x 2, HD+AC97 Audio
