

Stahl Tools STSSVT Variable Temperature Soldering Station

\$48.99

Product Images

Short Description

Stahl Tools variable temperature soldering station is designed to exceed the expectations of veteran technicians-at a price that's appealing to the electronics hobbyist. Many different soldering tasks are accomplished using the adjustable 5 to 40 watt temperature adjustment. The lightweight pencil iron features a rubber grip that reduces fatigue and a Bakelite ringed iron holder keeps it at the ready. A field replaceable, precision ground, iron-plated solid copper tip provides maximum heat transfer-minimizing cold solder joints. Includes tip cleaning sponge. Additional tips available for a variety of soldering applications. Stahl Tools, The Technicians Friend.
