\$59.95

Product Images

Short Description

SNA 95 is designed based on the simple notion of providing Total Power Solution not only for laptop users, but most of USB devices, such as mobile phone, smart phone, MP3 and MP4 players, iPod, PDA, and GPS.

Description

SNA 95 is designed based on the simple notion of providing Total Power Solution not only for laptop users, but most of USB devices, such as mobile phone, smart phone, MP3 and MP4 players, iPod, PDA, and GPS. As the smallest 95W adapter in the world, SNA 95 is offering excellent mobility with its slim design and light weight. SNA 95 is user-friendly, providing convenient storage and cable management with its unique H-shaped reel base and velvet carry bag. SNA 95 also features smart LED identification: white LED for power-on, white LED flicker for protection, and blue LED for USB-charge. The texture and design of SNA 95 is impeccably classic and elegant to be users first choice.
