Short Description

Product Details:

Lian Li (PC-C39-B) All Aluminum Multi-Media Desktop/ HTPC Case with Multi-Media Wireless Remote Controller- BLACK, Supports Micro-ATX Motherboard

PC-C39 is designed For today's user who want to access more media files, which have the highest quality, and silky look, with more internal space for power user!.

Description

Product Details:

Lian Li (PC-C39-B) All Aluminum Multi-Media Desktop/ HTPC Case with Multi-Media Wireless Remote Controller- BLACK, Supports Micro-ATX Motherboard

PC-C39 is designed For today's user who want to access more media files, which have the highest quality, and silky look, with more internal space for power user!.

Features

Features:

- Handcrafted with high quality aluminum sheet material, with one line of diamond cut, it is a simple, minimalism design art

work.

- Multi-media remote controller uses Wireless technology which can easily control device from any corner in the living room.
- PC-C39 has equipped modularized device cages, and those cages can fit standard hardware component. Very simple to use and easy to get the hardware ready for this case.

Silent Performance:

- Lian Li designer looks into detail, PC-C39 has equipped anti-vibration kit on the chassis, to absorb the noise. Like the EMI spring on the top cover, it absorb the vibration, and the top cover still easy to remove and close.
- There are four high quality aluminum case stands, it not only looks good, it also has rubber pads to absorb the vibration, and prevent scratch to the equipment under.
- To reduce the vibration from HDD, Lian Li included HDD anti-vibration kit which is using the rubber ring to absorb the vibration to reduce the noise.

Creative Thermal Solutions:

- Aluminum can remove heat four times faster than steel, therefore PC-C39's aluminum alloy chassis can help system to stay in cooler temperature, to extend the component's lifecycle.
- There are two 70mm exhaust fans, one at the left side and one at right side of the chassis, it runs at 1500RPM, silent and move hot system air out of the case.
- The PCI bracket with vent holes for extra cooling to PCI add-on cards.
- Inside the case, there are two fans working quietly, to help the system to remove the hot air out of the chassis.

User Friendly:

- The device cages can be remove, user don't need to working in the small space inside the chassis.
- Multi-media ports' connectors follow international specification standard, with one connector for easy installation. Audio supports HD Audio and AC97 Audio design for batter compatibility, all I/O ports on the front panel, allow for easy access.
- There is a linker bar to enhance the structure of PC-C39, and help the case to support the weight of item above , as user normally stack equipments over each other.
- All the connector are following the Intel standard, therefore it is easy to use, read the motherboard users' manual first, to ensure the motherboard's setting are same as Intel standard before plug in the connectors.

Specifications

Specifications:

Model	PC-C39
Case Type	Desktop / HTPC
Dimensions	435 x 97 x 400mm (W, H, D)
Front bezel Material	Aluminum
Color	Sliver / Black
Side Panel	Aluminum
Body Material	Aluminum
Net Weight	3.65kg
5.25" drive bay (External)	1
3.5" drive bay (External)	
3.5" drive bay (Internal)	2
Expansion Slot	4 (Low Profile)

Motherboard	Micro ATX
System Fan (Front)	
System Fan (Top)	
System Fan (Rear)	7cm Ball-bearing Fan x 2 (1500RPM)
I/O Ports	USB2.0 x 2, IEEE1394 x 1, HD+AC97 Audio

Additional Information

Brand	Lian-Li
SKU	PC-C39-B
Weight	25.0000
Color	Black
Chassis Form Factor	Mini-Tower
Side Panel	No Window
Motherboard Support	Micro ATX
Material	Aluminum
PSU Wattage	No PSU
