Short Description

This high quality Notebook Cooler offers the world's first patented air-extracting laptop fan!

Description

This high quality Notebook Cooler offers the world's first patented air-extracting laptop fan!

By simply attaching the laptop fan to the existing notebook vent and an available USB port (for power), the

heat build up customary to most notebooks is removed, while a 180° rotatable vent allows you to control the direction the expelled heat will take as it leaves the computer.

Perfect for virtually any environment, the adjustable laptop fan provides selectable dual-speed operation, allowing you to control the noise level of the fan in order to match your surroundings. The laptop cooling fan also features an unobtrusive design that blends nicely with most notebook computers, offering a sleek black finish that matches or complements most laptop designs.

Features

- Black finish to match most notebooks.
- Fan blowing direction can be rotated 180 degrees.
- Provides quick removal of hot air generated by notebook/laptop to help stabilize operation and extend life of the system.
- Universal clip, compatible with most major brands, provided for attaching USB power cables.
- World's first Patented air extracting notebook fan!

Specifications

Applications:

- Additional cooling for users that operate their laptop/notebook for extended time periods on their desktops or away from the office.
- Complements cooling if internal fan fails, or delivers lower level cooling where required

Specifications:

Warranty	2 Year warranty
Air Flow Rate	1.24 to 1.64
Color	Black
Product Height	0.98 in [25 mm]
Product Length	3.15 in [80 mm]
Noise Level	24 dBa to 26 dBa
Carton Quantity	20
Shipping (Package) Weight	0.53 lb [0.24 kg]
Product Weight	2.26 oz [64 g]
Product Width	2.44 in [62 mm]
Bearing Type	Ever Lubricate Bearing

Fan Speed	3000+/- (Min) RPM; 3800 (Max) RPM
Rated Voltage	5V DC (USB Powered)
General Specifications	LED Light

Additional Information

SKU	NBFAN
Weight	1.2500
Color	Black
Fan Voltage	5 VDC
Fan RPM	3800
Fan Noise (dB)	26
Special Price	\$13.97
