Features

- The product is only compatible with Intel LGA 775 socket. The product can cover up to 65W thermal road. CPU and motherboard are subject to damage if the product is used for Intel CoreTM2 Quad or Intel Pentium 4 CPUs whose thermal load is over 65W.
- Supports almost all PC cases including slim-type PC cases

Specifications

• Fan Type:	CPU Cooler
• Fan Speed:	1,500 ~ 2,500 rpm
• Noise Level:	Under 29 dBA (± 10%)
• Air Flow:	29.2 CFM
• Heatsink Material:	Aluminum Fins
	Copper Heatpipe
	Copper Base
• Voltage:	10.8 ~ 13.2 VDC

Additional Information

SKU	ATOM30H
Weight	2.0000
Material	Copper/Aluminum
Fan Connection	4-Pin PWM
