Short Description

Product Details:

Onyx ATX Mid Tower Gaming Case From Xion.

You're after a PC case that's smooth as glass. Look no further: the Xion Onyx ATX mid-tower Gaming Case is the perfect fit for you! This sleek, stylish case features a clear side panel that showcases all your superior components. Made of a sturdy steel chassis and packed with useful features, this obsidian black case is sure to please! Front side USB connections, a 450-watt power supply, and more make this the perfect backbone to your serious PC!

Pack Your Machine To The Brim!

The 12 total drive bays break down like this: four 5.25-inch external bays, two 3.5-inch drive bays, and four 3.5-inch internal bays, including a removable hard drive bay! There are three fans that keep this chassis cool, as well. Two 120mm fans located in the front and the rear of the case, and a single 140mm fan equipped with LED lights that cast an ominous glow to your PC components! There are also 7 expansion slots, so that your PC is ready for whatever the future brings with it! If you're building a slick PC, you need the Xion Onyx ATX Mid Tower Gaming Case!
