\$17.99

## Product Images

## Short Description

Have you ever wanted to mount something to a 140mm fan but didn't have the right hardware, well now you do! With the New Z3 you can mount not only any (UN)Designs bracket but a wide variety of items. This could open up a whole new way of mounting your accessories.

## Description

---

Have you ever wanted to mount something to a 140mm fan but didn't have the right hardware, well now you do! With the New Z3 you can mount not only any (UN)Designs bracket but a wide variety of items. This could open up a whole new way of mounting your accessories.

## Features

---

- Allows airflow over your accessories to help reduce heat, especially good for pumps
- Allows multiple mounting locations that would not normally be accessible
- Can be used with any (UN)Designs Brackets, old or new
- Comes with fans screws too!
- Fits 140mm fans
