Description

Cooler Master NotePal X2 Notebook Cooler

With efficient functions and superb silent concept in mind, the Cooler Master NotePal X2 Notebook Cooler creates optimal comfort for laptop users. Either on a desk or on the lap of an on-the-go user, the Cooler Master NotePal X2 Notebook Cooler takes air from a bottom intake and cools down high temperatures with its 140mm silent fans, dissipating the high temperatures generated by the CPU and GPU trapped inside the laptop housing. For great cooling performance you cant go wrong with the Cooler Master NotePal X2 Notebook Cooler.

What It Is and Why You Need It

- Two different height settings for improved comfort
- Specially designed bottom intake and thermally enhanced metal mesh allow for fast and efficient dissipation
- Built-in silent 140mm fan placed in strategic location creates optimal airflow for comprehensive cooling
