### Cooler Master NotePal A1 Notebook Cooler

The Cooler Master NotePal A1 Notebook Cooler is a simple stand that elevates your notebook to a comfortable viewing angle and allows you to work with a better posture. The Cooler Master NotePal A1 Notebook Cooler is built with an aluminum meshed design that ensures that heat dissipates quickly to prevent your notebook from overheating. The Cooler Master NotePal A1 Notebook Cooler's slim and lightweight feature gives you the absolute convenience to take anywhere, easy stow away, and protection. With its stylish anodized alloy finish and dual 70mm fan, the NotePal A1 is a great option to add to your collection. The unique 3-way airflow intake design creates excellent cooling, while providing an ergonomic feel for comfortable and improved usage.

### What It Is and Why You Need It
