## Product Images

## Short Description

From Digital Cameras, MP3 players to PDAs, data is increasingly being stored on memory cards. Unfortunately, with so many different types of memory cards, reading/writing to them can quickly turn your computer into a mess of

wires and gadgets. The Vantec go 2.0 External 58-in-1 Card Reader/Writer brings you a convenient, compact way to share and exchange the files stored in flash memory cards from one simple device. With the compact size simply just plug the reader/writer onto a USB port and easily transfer files to and from and even between virtually all memory cards.
