Short Description

The Intel Core i5 for socket 1156 is expected to be released in Q3. Multi-compatible with both the new sockets and 775, this new Alpine series is definitely a perfect choice for those who would like to go for a

future-proof cooler.

Description

Ultra Quiet Coolers for Intel Socket 1155/1156

The Intel Core i5 for socket 1156 is expected to be released in Q3. Multi-compatible with both the new sockets and 775, this new Alpine series is definitely a perfect choice for those who would like to go for a future-proof cooler.

Highly price competitive cooler - Alpine 11 GT

The cost-effective Alpine 11 GT is targeted for users who look for a quiet and efficient cooler.

At a reasonable price, the cooler feature some high performance components. The Alpine 11 GT is equipped an 80mm PWM fan. With PWM function, the fan runs at the necessary speed in order to offer sufficient cooling at the lowest possible noise level. The low noise impeller keeps the fan as quiet as 0.3 Sone - even at full speed.

The Alpine 11 GT is designed with an optimized heatsink and the pre-applied MX-2 to offer optimal heat dissipation. The Intel push pins guarantee easy and quick installation. With these outstanding features, the Alpine 11 GT offers the best price/performance ratio for mainstream users.

Specifications

Heatsink	89 L x 89 W x 75 H mm
Fan	80mm x 1
Fan speed	500 -2000 RPM (Controlled by PWM)
Air flow	28.6CFM / 48.5 m ³ /h
Maximum Cooling Capacity	70 Watts
Weight	286g
Patent	DE 20307981, US7101149
Warranty	6 year

Additional Information

Brand	Arctic
SKU	ACALP11-GT
Weight	1.2500
Material	Copper/Aluminum
Fan Dimensions	80mm
Fan Connection	4-Pin PWM
Special Price	\$5.98
