

CardKeeper - Large Video Card Keeper for ATI and Nvidia Graphics Cards

\$14.99

Product Images

Short Description

Your PC's expansion cards can become dislodged or even damaged when you move or bump your PC. CardKeepers retention brackets ensure that your graphics, sound and other expansion cards always remain secure. Available in eight different sizes, CardKeepers install easily with the same screw used to attach the slot bracket to your PC. Perfect for LAN gamers and others who regularly transport their machine!

This model was specifically created to support Nvidia and ATI video card installations and will work with most any video card.

Description

CARDKEEPER® provides system builders and case modifiers a simple and cost effective comprehensive solution to the industry wide problem of AGP and PCI card retention and lateral support. If you frequent LAN parties or regularly transport your machine, CARDKEEPERS® are essential. CARDKEEPER® card retention devices are used worldwide by manufacturers and end users who desire enhanced reliability and protection of their systems. This model was specifically created to support Nvidia and ATI video card installations and will work with most any video card.

The most common reason for a PC to fail or malfunction, no matter how expensive the components or meticulous the manufacturing and testing process, is the fact that AGP and PCI add-in cards fail to work properly after becoming dislodged from their motherboard slots during shipping and movement. This well known industry problem has been publicly acknowledged by leading companies like Intel and Dell.

CARDKEEPER® is a RoHS compliant manufacturer. RoHS, also known as Lead-Free, stands for Restriction of Hazardous Substances. RoHS Directive 2002/95/EC restricts the use of six hazardous materials found in electrical and electronic products. All applicable products in the EU market after July 1, 2006 must pass RoHS compliance. For more information please visit RoHS guide

UL is the trusted resource across the globe for product safety certification and compliance solutions. Benefiting a range of customers – from manufacturers and consumers to regulatory bodies and code officials – they've tested products for public safety for more than a century. CARDKEEPER® is certified UL manufacturer.
