PPCS Pre-Wired Vandal Switch Cable Assembly (Pro Solder-Type) - Momentary - Sleeved

$9.95

Product Images

Short Description

This momentary on/off vandal switch cable assembly is the ideal for modding enthusiasts that have a vandal switch but need a cable assembly to control it. This cable is for Momentary Style (PUSH TO ON, like power and reset switch) Vandal switches and us meant to plug the 2 1x1 KK headers on the mobo 3.3V PWR or HDD LED and the 1x2 KK to the Power Switch

Description

This momentary on/off vandal switch cable assembly is the ideal for modding enthusiasts that have a vandal switch but need a cable assembly to control it. This cable is for Momentary Style (PUSH TO ON, like power and reset switch) Vandal switches and us meant to plug the 2 1x1 KK headers on the mobo 3.3V PWR or HDD LED and the 1x2 KK to the Power Switch. Switch LED is always on for Power or will flicker to the HDD access if plugged on this.

Specs: Length = 30"

Note: This cable will require you to solder the 4 wires on the vandal switch for a professional look. Choice of cable sleeving and heatshrink can be chosen below.
