

Akasa PCIe to ATX12V cable adapter

\$3.95

Product Images

Short Description

This cable adapter converts 6pin PCIe connector to 8pin ATX12V CPU connector.

Description

Product Details:

This cable adapter converts 6pin PCIe connector to 8pin ATX12V CPU connector. Provides support for dual and quad CPU motherboards from a standard ATX power supply. Compatible with AMD Opteron and Intel Xeon processors.

Features

- 6-pin PCIe to 8-pin ATX12V adapter
- Updates PSU compatibility with dual and quad processors systems
- Quality connectors for safe connection
- 18 AWG cable for reliable power supply

Specifications

Specifications:

Application	Adds PSU support for dual-CPU motherboards
Cable length	15cm
PSU connector	6pin PCIe
Motherboard connector	8pin ATX12V
Product code	AK-CB051

Additional Information

Brand	Akasa
SKU	AK-CB051
Weight	0.5000
Cable Type	PCIe to ATX12V
Length	15cm
