

5mm x 8mm Lock Washer 4 pk

\$3.99

Product Images

Short Description

Lock Washers - Upward and downward bent projections on respective sides of the split allow the washer to grasp adjoining materials, which helps prevent components from loosening under vibration or corrosion. Cuts noise on fans mounted to case and blow holes.

Description

Lock Washers - Upward and downward bent projections on respective sides of the split allow the washer to grasp adjoining materials, which helps prevent components from loosening under vibration or corrosion. Cuts noise on fans mounted to case and blow holes.

- 5.5mm x 11mm x 1mm
