Short Description

Product Details:

Inspired by the science-fiction artificial human-like machine, Android is unique and versatile new member of In Win's crew. Android's metallic alike front panel design shows its fantastic science-fiction concept as well as its outstanding features. The rigid metal body is accompanied by a delicate internal design, synthesizing a high-tech design with efficiency and style. Bottom mount PSU placement and interior coat of dark metallic paint do not only provide the superior thermal solution but also protects the chassis against humidity and corrosion. Android provides the most joyful computer chassis experience with the most desired features for every gamer.

Features:

Futuristic Design

The metallic paint and rigid structure are marveled by a delicate internal design, enhancing an unseen high-tech display of efficiency and style.

Excellent Thermal Solution

with up to 6 front/side/top 12cm fans,enhancing airflow and one 22cm super-sized LED anti-vibration fan, the Android offers an unparalleled thermal solution for gaming systems. A 22cm fan LED switch is provided for user convenience.

Tool-Free Mechanical Structure

An easily dismantled external drive bay design offers quick assembly for ODD, FDD and HDD drive bays.

Expansion Capability

Satisfying even the heaviest appetites of gamer needs, the Android presents users with extreme and flexible expansion capabilities. Equipped with five 5.25" and four 3.5" drive bay, the chassis provides additional brackets to convert 5.25" to 3.5" drive bays.

Anti-Dust Filter

Mesh filters on the front and side panel, as well as top and bottom cover help to filter air for a massive thermal solution. Dust is effectively minimized in order to extend computer peripherals life cycle.

Specification:

Case Size: Mid Tower

Material: Secc Steel

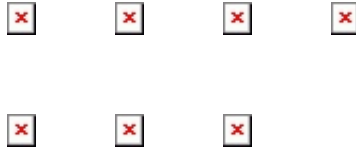

Drive Bays:	Total 9 drive bays
External Drive Bay:	1. 3.5" x 1 2. 5.25" x 5
Internal Drive Bay:	3.5" x 3 (max. support 3.5" x 6)
Front I/O(Ports):	1. HD/AC' 97 Audio 2. USB2.0 x 2 3. e-SATAx1
M/B Form Factor:	1. ATX 2. Micro-ATX
Expansion Slots:	PCI-E/PCI/AGP Expansion Slotx7
Power Supply:	1. ATX 12V 2. PS/2
Security:	Key Lock Pad
Safety:	1. CE and FCC Class B Requirement 2. RoHS
Thermal Solution:	1. Front 12 cm HDD Fan x1 (Max. support 12 cm Fanx2) 2. Top 12cm Fan x 1 3. Rear 12cm Fan x 1 4. 22cm LED side fan (max. support 12cm fan x 2)
Dimension (HxWxD):	456x225x500mm (18"x8.9"x19.7")
