

IN-WIN Destiny-Extreme Ironclad Full-Tower Case, ATX, No PSU, Steel - Black

\$124.99

Product Images

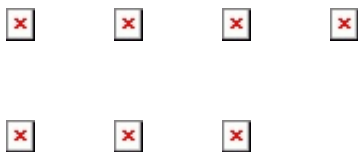

Short Description

Product Details:

The bottle has been broken; the IRONCLAD launches towards the battlefield. The pride of every fleet, with its steel-like vessel design; the new full-tower chassis from the In Win's army provides users with tank-like strength yet finest user's flexibility. Dark metallic paint gives the Ironclad

not only intimidating look but also protects this vessel against humidity and corrosion. Ironclad is built to accommodate wide range of motherboards from Micro ATX to extended ATX. And as just as a true warship, the Ironclad is not impressing just with its size but also with the great features. Extreme capacity and expandability are crucial elements for most of the pro-players in their battles. Sail out on the warship that provides you with everything you need. Leave the harbor with Ironclad. The battle awaits for you out there!

Features:

Excellent Thermal Solution

Gaming Chassis utilizes 22cm side panel fan to accelerate air through and out of chassis to keep components cool. A ventilated floor panel, and a top vent with 12cm fan provide the optimal airflow on both intake and exhaust.

Dust proof meshes

The air filter meshes are built into the front bezel side panel top panel and floor that keeps out of the dust and extend the life of components.

Tool-free mechanical design

Screw-less I/O expansion slots make assembling a fun, easy and enjoyable experience.

Metallic Warship Enhances the structural steel sturdiness

Eight tool-free expansion slots

Patented shock-free raiiling system

Specifications:

Case Size: Full Tower Chassis

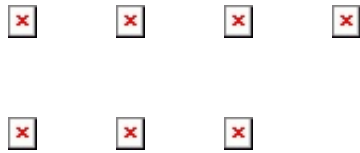

Material:	1.0~0.8mm SECC Steel
Internal Drive Bay:	1. 3.5" x 6 2. 2.5" x 1
External Drive Bay:	1. 5.25" x 5 2. 3.5" x 1 (Converted from one 5.25" drive bay)
Top I/O Ports:	1. eSATAx2 2. USB2.0x4 3. IEEE1394A(FIREWARE) 4. HD/AC'97 Audio
I/O Expansion Slots:	PCI-E/PCI/AGP SlotX8
M/B Form Factor:	1. ATX 2. Micro-ATX 3. E-ATX(12"x13")
Power Supply:	1. ATX 12V 2. PS 2 or EPS Power
Thermal Solution:	1. Front:12cm Fan x 1 2. Rear: 12cm Fan x 1 3. Top:12cm Fan x 1 (Maximum Supports 12cm Fan x 2) 4. Side:22cm LED Fan with switch x 1 (Maximum Supports 12cm Fan x 6) 5. Water-Cooling Hole Ready
Safety:	1. CE and FCC Class B Requirement 2. RoHS
Dimension (HxWxD):	550x225x566mm (21.7"x8.9"x22.3")
