\$21.95

Product Images

Short Description

Is your PSU power cable not long enough to reach your components or look down right ghetto? Well look no further than the new Kobra MAX Power Extension Cables. Take your system to the next level of COOL and clean up the inside of your system with style and functionality. Each wire of the extension is carefully dressed with our custom PARACORD nylon braid to provide unprecedented wire coverage

Description

Is your PSU power cable not long enough to reach your components or look down right ghetto? Well look no further than the new Kobra MAX Power Extension Cables. Take your system to the next level of COOL and clean up the inside of your system with style and functionality. Each wire of the extension is carefully dressed with our custom PARACORD nylon braid to provide unprecedented wire coverage with minimal bunching and bulging. Our custom PARACORD also gives you the tightest possible wrap of the wire to give our wires the smallest OD (Outer Dimension). Smaller wires equal more system airflow and less inner case space requirements. Kobra MAX cables are the finest sleeved extension cables you can purchase without feeling frayed. A pair of Kobra Cable Bundlers is included for added wire management!

Features

- Custom PARACORD nylon braid for unprecedented wire coverage. Tightest fit braid for no unsightly bulges.
- End to End braid without heatshrink. Stranded 18 Gauge wire, for excellent bend radius.
- Standard Molex connectors used to ensure 100% compatibility. Provides a professional finished look.
- Only MASS PRODUCED single braid extension cable made in the USA. 3 custom lengths to choose from – 8 inch, 16 inch, and 24 inch.
- Over 30 vibrant colors/color combinations to pick from. Every wire in every extension is tested for proper power transmission.
